MATTHEWS TECHNOLOGY SOLUTIONS, LLC

FEDERAL CAPABILITY STATEMENT

SBA-CERTIFIED SDVOSB | IT CONSULTING & OPERATIONS

WHO WE ARE

Matthews Technology Solutions, LLC is a Virginia-based, service-disabled veteran-owned IT consulting business serving government and commercial organizations. We focus on practical technology solutions, dependable infrastructure support, and better IT operations.

CORE CAPABILITIES

Data Center & IT Operations

Incident escalation support, infrastructure workflows, and equipment lifecycle coordination.

IT Consulting & Modernization

Technology planning, systems support coordination, and process improvement.

Technical Support & Troubleshooting

Remote assistance, diagnostic guidance, and operational problem-solving.

Documentation & Team Enablement

Technical procedures, knowledge transfer, and support-team mentoring.

OWNER EXPERIENCE & QUALIFICATIONS

Berlin Matthews, Founder & Owner - U.S. Army veteran and former AWS Data Center Operations Lead (2021-2024). Mentored more than 100 technicians and resolved approximately 2,500 technical issues. Holds CompTIA Network+ and a B.S. in Criminal Justice with computer security and forensics studies.

Owner experience is from previous employment, not contracts performed by this LLC.

FEDERAL BUSINESS PROFILE

SBA STATUS	UNIQUE ENTITY ID (UEI)
Certified SDVOSB	**X4U4L2DDQFD9**
CAGE CODE	SAM.GOV REGISTRATION
